

Important School Rules to follow

These are designed for your safety and should be followed for all lessons.

Never enter any room without being told to by a teacher.

Always walk quietly in School and keep to the left of the corridor and stairs.

Always line up quietly in single file outside your classroom.

Always walk quietly into the classroom and stand behind your seat until you are asked to sit down.

Always take out what you need for the lesson and put your bag safely under the bench or desk.

At the end of each lesson make sure your chair is placed under the desk or bench. Walk quietly from the room when you are asked to by the teacher.

Some teachers have other specific rules to follow. Your teachers will tell you about these in your first lessons, for example:

- **Always** try and do your homework on the night that it is set and don't forget to hand it in on time.
- **Always** put your hand up to answer questions in class.
- **Always** stay in your seat unless you are told to move.
- **Always** leave the classroom neat and tidy.
- **Remember** to ask for help if you need it.

Make sure you learn and follow the rules.
